The Road to Home-ownership
Starts at the Institution

And it's the logical starting point. Our knowledge of home-financing, our long-time experience in handling Springfield real estate, and our ability to work out a personal plan for you and your budget, make it so.

That is why we are the largest home mortgage institution in Springfield. That is why you, veteran or non-veteran, if you have entertained the idea of building or buying a home, would be wise indeed to talk it over with us.

We shall be glad to give you detailed information, including estimated costs, without either obligation or charge. Come to see us at your convenience.

Here's A *Sure Thing* On

How To Save Money

Everybody has one these days. A hot tip, we mean. Ours is time-proved, simple, sturdy — without so much as a hint of get-rich-quick in it.

It is this: take a given amount from each pay envelope and salt it away in this savings bank. While money is coming in regularly put it aside regularly. It won't double overnight, but when needed to educate your children, to pay for your home, or for old-age security, it will be there — increased by interest, safe, yours when you want it. This is a certain and dependable way to save money.
